We will work with you and the singer to create a plan to best help each singer reach their full potential.

Kids Music Class Expectations/Guidelines

- **Students are expected to come to weekly music classes, on time,** prepared to participate and be engaged.
- **Respect is expected.** This applies to self, class materials, classmates, and teachers.
- **Attendance is essential to successful progression.** Musical concepts will be built up on from class to class and absences can lead to a lack of understanding and a need for review. It is best to attend all class sessions. If a scheduling conflict arises, please contact the teacher prior to class to inform them of your child's absence from class that week.
- Although this class is not performance focused class, there will be performances with mandatory rehearsals that need to be observed.
- Due to the young age of the students, parents are permitted to stay in the classroom during class but are not required.
- **No food or drinks** are allowed in the rehearsal space except water bottles with lids that tighten securely.
- **Please be prompt in picking up your child from rehearsal.** We want to be sure each child leaves with the correct person. If you need to have someone else pick up your child, please let the teacher know beforehand. Kids Music Class students must be picked up in the rehearsal room.
- **All parents/guardians need to check their email/texts weekly for updates.** Any notifications, such as cancellations, will be communicated through email and text each week.
